## SH AUTO 5M – Stationary hot water

**Innovative technology for quicker payback time on self service washes**

- Low wear and tear and service requirements reduce maintenance costs
- Innovative frequency modulated technology
- Low daily run costs through reduced fuel, water and electrical consumption
- Available with steel and stainless steel coils in diesel fired models for areas with hard or soft water
- Available with electrical heating system for pollution free cleaning
- Ergonomical and pressure relieved accessories for extra comfort in use
- Low noise levels

The SH AUTO 5M is a range of stationary self service wash units equipped with innovative frequency modulated motor technology. Ideal solutions for equipping service stations or car dealerships with a self service wash site with quick payback on investment.
